Finacare Floor Cleaning Concentrate

PRODUCT DESCRIPTION

A cleaning concentrate to enhance and maintain the attractive finish of floors coated with polyurethanes produced by Protective Paints Ltd.

APPLICATION DATA

- Vacuum or sweep floor (soft bristle broom or electrostatic mop) to remove dust, dirt etc.
- Add 50mls of Finacare into 5 litres of lukewarm water.
- Mop the floor with a sponge mop. Ensure that excess water is not left to pool on the floor. Squeeze mop out often to ensure a clean streak free finish.

NOTE: Ensure the concentrate is not poured onto the floor as it may damage the coatings.
Contains 390g/litre butyl glycol.

SURFACE PREPARATION

New concrete/previously unpainted

Refer to specific product data sheet for recommended cure of concrete prior to application of coating system.

Acid etch concrete utilising Protective Paints Hydrochloric Etch. Exceptions are stated on individual Product Data Sheets. Ensure floor is thoroughly cleaned and dry before application of coating system.

Previously painted

Ensure surface is thoroughly cleaned to remove all dirt, dust, oil, grease and other contaminants prior to the application of any coating system. The nature and compatibility of the previous coating should be obtained to avoid failure. Where previous coatings cannot be determined, apply thinners (utilise the recommended thinner of the intended coating system) to a small area to ensure no reaction occurs.

HEALTH AND SAFETY

Irritant

Avoid contact with skin and eyes. Avoid breathing vapour or sanding dust.
When using this product it is recommended that full overalls, gloves, face mask and goggles be worn. Store container in a safe place when not in use. Do not burn container.

FIRST AID

EYES

Flush with water for at least 15 minutes and seek medical advice.

SKIN

Wash contact areas with soap and water. Remove all contaminated clothing, and seek medical advice. Do not scrub.

INHALATION

Remove patient from further exposure, and keep patient warm and comfortable.

INGESTION

Do not induce vomiting. Rinse mouth with water. Seek medical advice as soon as possible.

TRANSPORTATION AND DISPOSAL

| | |
|--------------------------|--|
| Class | 3 |
| Hazchem Code | •3YE; •3Y |
| UN No | 1263 |
| Packing Group No | III |
| Fire Extinguishing Media | CO ₂ , Foam, Dry Chemical |
| Fire Fighting Procedure | Fire fighters should wear self contained breathing apparatus. Fight fire from a protected location as product may explode on heating. The vapours are heavier than air, so may travel along the ground to accumulate in low areas. Fire may flash back along vapour trail, and can also react with oxidising agents. Spills should be cleaned up immediately by using sand or other non-flammable absorbent materials. Ensure material does not enter waterways. Dispose of empty containers in accordance with local by laws. |

OTHER INFORMATION

This product may be used for a wide variety of surfaces. If the surface you propose to paint is not referred to, contact Protective Paints Technical Department for classification.

For further technical information please phone 0800 724 684.

RELIABILITY OF INFORMATION

All statements and technical information contained herein are based on tests we believe to be reliable but the accuracy thereof is not guaranteed. Since Protective Paints Ltd has no control over product application, purchasers and users must confirm the suitability of our products under their conditions to meet their own requirements.
